Tuesdays and Fridays

TO THE CITIZENS OF LINCOLN COUNTY:

The Fourth Liberty Loan is the most essential of all. Don't let up. Give all that you can and then double it. This comes from headquarters:

Cleveland, Ohio, Oct. 13, 1918.

J. S. Hocker, Stanford, Ky.—Unbelievable as it is, we have been asked today from many quarters in the district whether the loan campaign should continue in view of the development of Germany's so-called acceptance of peace. This astounding condition brings us face to face with the evil purpose of our enemies to dupe our people and destroy the loan's success. If the Fourth Liberty Loan falls short, Germany will have won her greatest victory of the war. The hour has struck in which all real patriots in every community must rise in their might and hurl in the kaiser's face this answer: "Give everything we have if need be for victory." Liberty Loan committees bear the great responsibility of the hour and must provide the great leadership of the hour. In the name of all that is sacred to Liberty let us give the hun an answer that will bring him to his knees. That Answer is convincing, oversubscriptions to the Fourth Loan. Let's go and get it.

D. C. WILLIS, Chairman.

Lincoln county citizens must secure about \$100,000 more subscriptions by Saturday night in order to reach her quota.

Every one is urged to work until that amount or more is secured—and the work must be finished by Saturday night.

Respectfully,

J. S. HOCKER, Chairman,

W. H. SHANKS, Assistant Chairman.

AUTOCRACY MUST GO, SAYS WILSON

The text of President Wilson's reply to Germany's acceptance of the peace propositions laid down by him is as follows:

"The unqualified acceptance by the present German government and by a large majority of the Reichstag of the terms laid down by the President of the United States of America in his address to the Congress of the United States on the 8th of January, 1918, and in his subsequent addresses, justifies the President in making a frank and direct statement of his decision with regard to the communications of the German government of the 8th and 12th of October, 1918."

He feels confident that he can safely assume that this will be the judgment and decision of the Allied Governments. Cities and villages, if not destroyed, are being stripped of all they contain not only, but often of their very inhabitants.

"The President feels that it is also his duty to add that neither the Government of the United States, nor he is quite sure, the Governments with which the United States is associated as a belligerent will consent to consider an armistice so long as the armed forces of Germany continue the illegal and inhuman practices which they still persist in."

"The nations associated against Germany can not be expected to agree to a cessation of arms while acts of inhumanity, sanguine and desolation are being continued which they justly look upon with horror and with burning hearts."

"It is necessary, also, in order that

there may be no possibility of mis-

understanding, that the President should very solemnly call the attention of the government of Germany to the language and plain intent of one of the terms of peace which the German government has now ac-

cepted. It is contained in the ad-

dress of the President delivered at Mount Vernon on the 4th of July last.

"It must be clearly understood that the process of evacuation and the conditions of an armistice are matters which must be left to the judgment and advice of the military advisers of the United States and the Allied Governments, and the President feels it his duty to say that no arrangement can be accepted by the Government of the United States which does not provide absolutely satisfactory safeguards and guarantees of the maintenance of the present military supremacy of the armies of the United States and the Allies in the field.

"At the very time that the German government approaches the Government of the United States with proposals of peace, its submarine engorged in sinking passenger ships at sea and not the ships alone but the very boats in which their passengers and crews seek to make their way to safety; and in their present enforced withdrawal from Flanders and France the German armories are pursuing a course of wanton destruction which has always been regarded as in direct violation of the rules and practices of civilized warfare.

"D is as follows: 'The destruction of every arbitrary power anywhere that can separately secretly and of its single choice disturb the peace of the world; or, if it can not be presently destroyed, at least its reduction to impotence.'

"The power which has hitherto controlled the German nation is of the sort here described. It is within the choice of the German nation to alter it. The President's words just quoted naturally constitute a condition precedent to peace, if peace is to come by the action of the German people themselves.

"The President feels bound to say that the whole process of peace will, in his judgment, depend upon the definiteness and the satisfactory character of the guarantees which can be given in this fundamental matter.

"A BOND IN EVERY HOME"

At a meeting held at the courthouse Friday night it was decided that every business man in the county be asked to close his house tomorrow, Wednesday, and give his time that day to the sale of Liberty Bonds. Automobile routes have been laid off and early tomorrow morning auto filled with enthusiastic bond sellers will leave Stanford, Crab Orchard, Hustonville, McKinney, Waynesburg, Kings Mountain and the other towns of this good country. Lincoln county must sell her quota of bonds and in order that she may do so, it has been decreed that Wednesday be designated as bond day and that a strenuous effort be made to have a bond in every home before the close of the day. Considerably more than \$100,000 worth of bonds have yet to be disposed of before the goal is reached and many who have thought will have to buy more in order that the top may be gained. Make arrangements to be at home Wednesday and when the bond hunters come to see you, not only buy a bond but try and help them in the sale of another. The money is needed in the prosecution of the war and the government is offering a \$1,000,000 worth of bonds in investment in order to get it. If bonds are not sold taxes will be levied. It is evidence both of patriotism and good judgment to own a bond. Buy one, however small the denomination.

"**CONNECTIONS TO BE MADE AT JUNCTION CITY**

Some weeks ago Mr. Clarence E. Woods, former Richmond editor and mayor of the city, but now U. S. Explosive Inspector of Florida, on an official visit to Chicago, was caught at Junction City, where he wished to make a connection and forced to remain there many hours. He thereupon wrote to Director General McAllan and laid before him the long standing hostility between the two roads that caused them to punish the traveling public by cutting out all connections. Thousands of men who have felt the force of the abuse would have joined with Mr. Woods in appealing for relief. A response from the director general of railroads, through his attorney, Thomas H. Price, Esq., has been received, which promises early changes of timetables so that the principal trains at least will connect. If after all these years, Mr. Woods shall succeed in his efforts for the public comfort, not only we of this section will owe gratitude to him but every one who has suffered the miserable waits at Junction City, because of management meanness.

"**WILL BE CLOSED UNTIL 2 P. M.**

Every business house in Stanford, except the drug stores, will be closed until 2 o'clock tomorrow, Wednesday, afternoon and the drug stores are asked to sell nothing but medicine. This is done in order that the business men may spend a good portion of the day selling Liberty Bond Bonds. As stated elsewhere many auto's will leave Stanford and the other towns in the county between 7 and 8 o'clock and visit every home that each may have one or more bonds. In fine, nothing will be left undone to put "A Bond in Every Home," a good slogan suggested by Hon. P. M. McRoberts, chairman of the speakers bureau, in the sale of Fourth Liberty Bonds.

WOMAN'S CLUB

Help the Woman's Club in its effort to put Lincoln county over the top in the Liberty Loan campaign. If you have not bought your bonds, every member of the club is ready and waiting to sell them to you. Not your best, but your best is what Uncle Sam expects of you. Bonds to the amount of \$27,000 have been sold by the Woman's club. Let's increase this amount.

On account of the influenza epidemic, the Woman's Club was compelled to postpone its last meeting, but work will be resumed as soon as possible. Those who owe dues are requested to see Miss Belle Denny and pay them to her.

WILL KRUEGER DIES OF "FLU"

Will Krueger, well known in this county where he lived the first years of his life and where he spent a year with him and his father, Mr. Fritz Krueger, were building our handsome court-house, died at his home at Mt. Vernon Monday morning of influenza after a brief illness. He was about 37 years old and besides his wife, who was Miss Cecil, a five-year-old son survives him. Mr. Krueger had gotten to be a successful young lawyer and was one of Rockcastle's best business men. His death is the source of general regret in his home county and wherever he is known.

THIRTEEN BOYS VOLUNTEERED

In answer to a call issued by the Government for 13 white boys who have an eighth grade education to take courses in auto-mechanics, motor repairing and radio service, the following young men volunteered their services and left on the 10:35 train this morning for Cincinnati, where they will be placed in training: John Bowling, Earl V. Spooamore, Vaughan Phillips, Leonard Smith, Rawland D. Singleton, Roht, Holtzclaw, Roht, C. Berry, Marion N. Berry, Jesse Martin, Virgil Durham, Floyd Lay, Louie Floyd, Henry Britt.

MCKEE RIFFE SELLS FARM

J. L. McKee Riffe, of the West End, has sold to John Stepp of Casey County, his farm in the Hustonville and Liberty Pike, some three miles south of Hustonville, at \$130 per acre. The place contains 170 acres and the land, while rolling, is fertile and fine. Mr. Riffe will very likely locate in Cincinnati and engage in the mercantile business. He and his excellent wife will be greatly missed by their friends in this county.

MRS. JOHN NEWLAND DEAD

Mrs. John Newland, wife of Conductor Tom Heflin, of Lebanon Junction, died of fever Thursday evening. She was Miss Olive Ennes, of near this place before her marriage to Mr. Newland in 1912. She was a sister to Mrs. Bowen Good, of this place and a might good woman. Her remains were brought here and interred in Buffalo Cemetery Sunday.

CARD OF THANKS

I am deeply grateful to all who were kind and considerate of me and my husband in his last days, and to them I extend my sincerest thanks. To the First National Bank and all of those who sent floral tributes I desire to especially thank, I hope some day to be able to partly repay them for their goodness to me and mine. Mrs. M. D. BRONCHIAL TROUBLE

Mrs. A. E. Sidenborder, Rockfield, Ind., states: "For an attack of bronchial trouble which usually assails me in the spring I find Chamberlain's Cough Remedy the only thing that gives me relief. After using it for a few days all signs of bronchial trouble disappear."

Jimmy wanted his tooth after it had been pulled, so the dentist wrapped it up in paper and gave it to him.

"But what are you going to do with it, Jimmy?" he asked.
"I'm going to take it home, cram it full of sugar and watch it ache."

PRESIDENT NEEDS STANLEY

The greatest man in all the world, who is carrying the weight of burden ever placed on mortal shoulders, says in urging the election of Gov. Stanley to the U. S. Senate, that it is of the utmost importance that the administration shall have the unflinching assistance of its real friends at this time. Democrats and other supporters of the President will heed this appeal by sending the Governor to Washington by a majority that will leave no doubt about how Kentucky stands in the determination to win the war at any cost and any sacrifice. Any other course would be suicidal and hailed with delight by all German sympathizers.

W. S. EMBRY CHAIRMAN

W. S. Embry has been appointed county chairman of public eating places in Lincoln county. It will be his duty to see that such places rigidly observe the rules of the Food Administration for the conservation of food. Those who know Mr. Embry know he will patriotically perform the duty without fear or favor.

ROBINSONS, STANFORD

THE INTERIOR JOURNAL

Entered at the post office at Stanford, Ky., as
second class mail matter.

MR. REPUBLICAN—READ THIS

In almost every speech delivered by Dr. Bruner, republican candidate for the Senate, he asserts that the democrats are making a political war out of the present great struggle, by claiming that it is necessary to elect democrats, as they are the only ones who can be depended upon to stand by the President in his war policies. Dr. Bruner makes an effort to refute these democratic claims by saying that he is just as willing to aid the President as Gov. Stanley, and affects to believe that it is an insult to his patriotism, to urge the election of Gov. Stanley over him, on the grounds that the governor will do more for the President's war policies than he.

In answer to Dr. Bruner, we respectfully invite the attention of every voter, and especially the republicans to the following extract from a speech delivered by the late President Benjamin Harrison, during the Spanish-American war. Said he:

"If the word goes forth that the people of the United States are standing solidly behind the President, the task of the peace commissioners will be easy; but if there is a break in the ranks, if the democrats score a telling victory, if democratic senators, congressmen and governors are elected—Spain will see in it a gleam of hope, she will take fresh hope, and a renewal of hostilities, more war may be necessary to secure us what we have already won."

Let every man remember that the President of the United States during the Spanish-American war, was a republican, and his backers went far to the people then telling that it was necessary to have republicans elected in order that the Spanish war might be brought to a successful close.

We hope that any man who has been led astray by the claim that Dr. Bruner will be as useful in the Senate as Gov. Stanley, will carefully read the above extract from the speech of one of our great presidents.

REPUBLICAN CONTROL

DANGEROUS

The criticisms of Senator Lodge, of Massachusetts, of the President's masterly reply to the German chancellor, referring to it as "series of questions, which may open up another long correspondence with Germany," shows the danger of republican opposition in the Senate and emphasizes anew the great importance of sending a man from Kentucky, who is a real supporter of the President, and who will not give aid and comfort to the enemy and his friends in this country. Mr. Lodge says in a chance thought he did, to make capital for his party and help his own ambition to be the next repub' can nominee for president and did not hesitate to make criticisms of the President that might tend to destroy the confidence of the world in him. Such remarks could easily be made in the Senate, and if a real republican, himself, did not constantly do the opposite. Suppose that the same speech had been made by Senator Lodge, what could the President do concerning such an everlasting headache? Kentucky's representative may determine the control of the U. S. Senate and it is evident that was seen in mind when he will follow the advice of Senator Lodge in his last speech: "The patriotic, the President, keep silence. Hold your tongues." Gov. Stanley has said that he will support the President in all things that he thinks necessary to win the war. Let us send him to Washington by a majority that will leave no doubt of an absolute confidence in the greatest of men, who is carrying the heaviest of burdens.

BEGINNING OF THE END

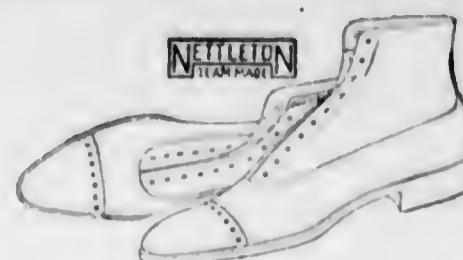

The representative of the kaiser has apparently accepted the terms laid down by the President looking to an armistice, but little dependence must be placed on a nation that has proved so treacherous and which regards treaties as mere scraps of paper. It is evident that the Germans are now trying to win by diplomacy, what they have lost in battle. Let God reign and the government at Washington still lives in the person of a man, whom He seems to have raised for this world crisis. He is patient and long suffering and slow to anger and being a man of the most remarkable poise the country can rest assured that he will pilot the ship of state over all the follows and anchor it safely in the port of victorious peace. While people should not jump at the conclusion that the war is over or relax any of their energies towards winning it, the beginning of the end seems in sight. Let us therefore praise and return thanks to God and subscribe again to Liberty bonds, which will be the more valuable to the early ending of the war.

An aftermath of the scandalous expenditure of money to secure the republican nomination for senator from Michigan comes in an inquiry by a Federal grand jury in the matter. Two prominent business men of Detroit and the treasurer and publicity director of the campaign were adjudged guilty of contempt in refusing to answer questions and were only saved from prison sentences by an appeal to habeas corpus proceedings. Lt. Commander Newberry of the U. S. Navy, beat Henry Ford for the republican nomination, which must have been regarded as desperate matter when so much money was used to defeat him. In that state a man can run in the primary on two tickets and Mr. Ford was unopposed on the democratic ticket. He says he did not spend a cent in either race and will not to secure the election. It is hoped that if Newberry should win the victory will do him no good as such fraud is charged, if proven, would vitiate the election.

Miss Clara Bond, a pupil at the Kentucky College for Women, died there Sunday. Her home was in Elizabethtown.

Emile Blunchi, of East Bernstadt, was killed in action in France.

Hooray for Banana Pool "Gets-It!"

Only Real Way to Get Rid of Corns.

Watch do you prefer—a corn that falls or a corn that peels? Butcherby or blessedness? Only "Gets-It" can get rid of your corn the peel-off way, the blessed way. You don't need a pull.

"Corns Never Trouble Me, I Use 'Gets-It'!"

Why bump yourself up on the floor and with your jaws set and eyes popping from pain, jerk and jounce and cut your corns? Why irritate your toes with scum salve or wrap your toe in a bandage? Why not just apply a sticky tape or plaster? If it is too short, use "Gets-It"—it takes a few seconds to apply and there's no fussing. Turn back go. Wear new shoes if you want to, but if you have a corn, just soak it off the whole thing, root and all, clear and clean, and it's gone! Only "Gets-It" can do this. Take no chances, back, corn-removal, the only sure way, consists a tiny, stay-dry, store M'd by E. Lawrence & Co., Chicago, Ill.

EMBRY TAKES PEN IN HAND
Headquarters First Army Corps, American Expeditionary Forces, Aug. 27. Dear Interior: It was my thought to write you a few lines at this, but so pressed have I been with my duties over here that an opportunity did not present itself. When I arrived here I was assigned to Headquarters First Army Corps. As you probably recall I entered the service last Nov. 10th, nine months ago, and have been awarded one six-months' service stripe. I find my duties as an army field clerk very interesting.

I have received the Interior Journal since my arrival in France and can assure you that I certainly appreciate every issue that I get. I know all the boys here in France appreciate home papers, especially of small communities where the news is more in the form of a letter and a great deal is contained therein they would otherwise miss. During my sojourn in France I have met many Kentucky boys, some of them with the First Pioneer Infantry, with whom I have had the pleasure of speaking, and they all seem to be well pleased and ready to meet the forces of the Kaiser in a hand-to-hand encounter should the opportunity present itself. I, also, had the good fortune to be stationed in the same village, for quite a while, with Capt. E. G. Flueg, of Danville, Ky. Later had a pleasant surprise of meeting and being with Francis Weatherford for several days; on two separate occasions. The first night we spent together we were shelled and consequently did not get any too much sleep. It was a great experience to us at that time. However, I judge at the present stage we both can sleep without difficulty when they are dropping. Probably a little too well. We had our pictures taken together, one of which I am enclosing.

As you have undoubtedly read in the newspapers this corps has been the first American army corps to get into the ring and accomplish things. I should like very much to write more in detail of the various places through which I have traveled since I have been in France and would like also to describe to you many interesting scenes which I have observed here, but do so would be in contravention of existing censorship regulations on the subject and of course I desire to bring myself within such regulations.

Many times have I thought of the work which has been done and is being done back home, and I am most especially interested in the work of Lincoln county, which I must say has done splendidly well. I congratulate your paper, the good work it has accomplished, the articles published and especially those items which were published in regard to spies. I am proud that I am a Kentuckian of the county of Lincoln and no one will be greater pleased when I am at liberty to return to shelter there.

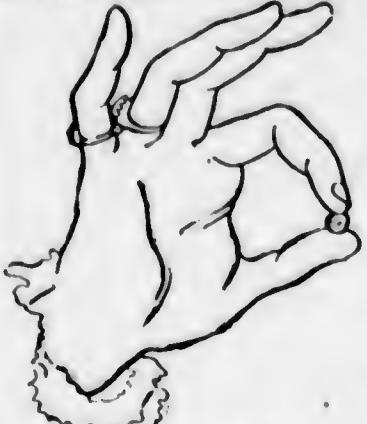

When you next write Claiborne remember me to him and say that I wish his duties bring many pleasant experiences. Hoping this finds you in the best of health and with warmest personal regards, I remain, yours sincerely,

WESLEY D. EMBRY.

LIFT OFF CORNS!

With fingers! Corns and calluses lift off. No pain!

Magic! Just drop a little Freezone on that touchy corn, instantly it stops aching, then you lift the corn off with the fingers. Truly! No hunting!

Try Freezone! Your druggist sells a tiny bottle for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Freezone is the discovery of a noted Cincinnati genius.

ONE OF WAR'S BRIGHT SPOTS

Another bright spot in the war stories was that of the negro woman whose husband had gone into the army, first taking out a \$10,000 insurance policy in favor of his wife. Not long after she received news of his death in a Southern camp.

"Praise the Lawd!" she cried. "I won't never have to cook no mo'."

And she put on her hat and left her employer's dinner on the stove, while she went out to buy becoming mourning.

AGED RESIDENT HAS NARROW ESCAPE

"I was at my work, my limbs became numb, I got dizzy and faint, my ears seemed stopped up. I had been troubled with gas on my stomach and severe bloating after meals. Doctors failed to help me. One dose of May's Wonderful Remedy, recommended by the corner druggist, proved a life-saver to me. I am continuing with it with splendid results." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. The Lincoln Pharmacy; The Penny Drug Store.

P. S.—Speak a good word to the boys back home and tell them we are after the kaiser's scalp and we think we will get it. W. D. E.

March, chief of staff, announces that there are now in France 1,900,000 American soldiers, that there are 2,000,000 in army camps in the United States, and that 2,000,000 more would be called into service. He was emphasizing the point that this is no time to slacken the effort to defeat Germany.

Can Now Eat and Sleep in Comfort!

If troubled with indigestion or sleeplessness you should read what Miss Agnes Turner, Chicago, Ill., has to say: "Overwork, irregular meals and carelessness regarding the ordinary rules of health, gradually undermined it until last fall I became a wreck of my former self. I suffered from continual headache, was unable to digest my food, which seemed to lay as a dead weight on my stomach. I was very constipated and my complexion became dark, yellow and muddy as I felt. Sleeplessness was added to my misery, and I would awake as tired as when I went to sleep. I heard of Chamberlain's Tablets and found such relief after taking them that I kept up the treatment for nearly two months. They cleansed my stomach, invigorated my system, and since that time I can eat and sleep in comfort. I am today entirely well."
